MEMORANDUM FOR : All Branch Chiefs
SUBJECT : OXCART Briefings

1. The DPD Security Section is presently preparing a list of Division personnel who have been actually briefed either by Security or by senior personnel on Project OXCART. As you are aware, the Division's policy as a practical matter has been to consider all personnel assigned to IFD Headquarters as cleared for all projects. On the other hand, Section and Branch Chiefs have been asked to limit actual briefings on a need-to-know basis, particularly in the OXCART area.

2. It is accordingly requested that each Branch Chief make a survey to determine those personnel who have actually been briefed and forward this list to the IFD Security Section. It should be noted that this entire exercise is an effort to restrict briefings to an absolute minimum; hence your list should include only those personnel you feel are or will be in the need-to-know category.
